Hi there, I did not have the Middlesex POC's that you provided. Thanks for the update. I'm curious to see how this week is going to proceed since we have not heard from Suffolk or Plymouth as to their POC's. Should we get "unauthorized" requests going forward, do you think that faxing back a copy of your letter that you sent out would be appropriate?

As an aside, I'm feeling a bit optimistic about the new marijuana law, I'm hearing from large police departments that they are not even considering bringing these marijuana cases to the lab. This could significantly improve our situation, although I'm sure there are some kinks to work out.

Thanks, Betsy

Hi,  
Attached is a very crude spreadsheet with all of the data I have received to date regarding Points of Contact for expedited testing. (I miss Kristen). Maybe you guys have some additional info??? If not, you should probably start calling next week to get some names.

thanks,  
Julie
